Notice to Schererville Residents

May 29, 2026

The Schererville Town Dump, located at the Schererville Public Works Department, will be closed effective **June 5, 2026 at 3pm - until further notice.**

The Town Dump closure is necessitated by the future expansion of Kennedy Ave. New water main and stormwater upgrades will be taking place along with Utility relocations of NIPSCO, ATT and Comcast. The future intersection buildout of Kennedy Ave, Junction Ave and Kaeser Blvd will also be taking place. Heavy road construction will be occurring with very limited access to our Public Works facility.

Residents are encouraged to use the Republic Services Transfer Station, located at 1155 Birch Ave, 2 blocks East of the intersection of US 41 at 65th Avenue. **This is not a free of charge facility and you will be required to pay based upon the weight of your load.**

Tire recycling disposal will also not be accepted at Schererville Public Works during site improvements. Additional Lake County Solid Waste Management District tire recycling disposal locations can be found at the following web address:

<https://www.lcswmd.com/services/tire-recycling-locations/>

We will notify residents upon the completion of this work as well as the opening of the dump facility and tire disposal site.

Chad Nondorf
Director of Public Works
Town of Schererville
