

Leaf pickup for the 2018 fall season will begin the week of **October 15, 2018 on the North Route**. We will alternate between The North and South routes weekly with US 30 being the dividing line. **Fall leaf collection will continue into December when weather forecasts dictate that our trucks must be prepped and rigged for snow and ice control.** The week of Thanksgiving is reserved for the Towns special pickups and will resume North of US 30 the week of November 26.

- Place leaves in a narrow pile (away from branches) in the area between the sidewalk and curb.
- Do not put leaves in the street as this may result in receiving an ordinance violation. Leaves block in the storm drains and could result in flooding
- **If there is no curb, place leaves within 5 feet of the street, they need to be in close proximity for our equipment to reach them.**
